

You can access "help" throughout the games.

To start a mini-game click on the arrow in the map.

1

In the first step, an Oil&Gas professional will explain his job and the game you will play. Click on the cross to continue.

CLICK TO START

2

3

Read carefully the explanation in the "INFO" window before playing the game.

4 **REMAINING ATTEMPTS 2**

Each mini-game can be played only once in order to obtain your score for the assignment!

For each question the number of attempts is indicated at the top of the screen. So, be prepared each time you launch a mini-game and take your time to answer... At the end of the mini-game, the game goes into "Free PRACTICE" mode and you can play as often as you want.

LAST ATTEMPT

Click on validate to submit your answers. Each time you validate a question, points are recorded in your MOOC note book.

5

LET'S PLAY!

Your score is indicated at all times in the score bar (from 0 to 100). It is recorded all along the game each time you validate an answer.

6

You can play on different devices. For the iPad, if you want to use it horizontally, turn it and refresh the game.

7

When you have finished, you can quit the game.
